## Real teamwork Live tutoring Real experience

Want to be a developer? Designer?

Or product Manager

Take your skills to the next level with collaborative,

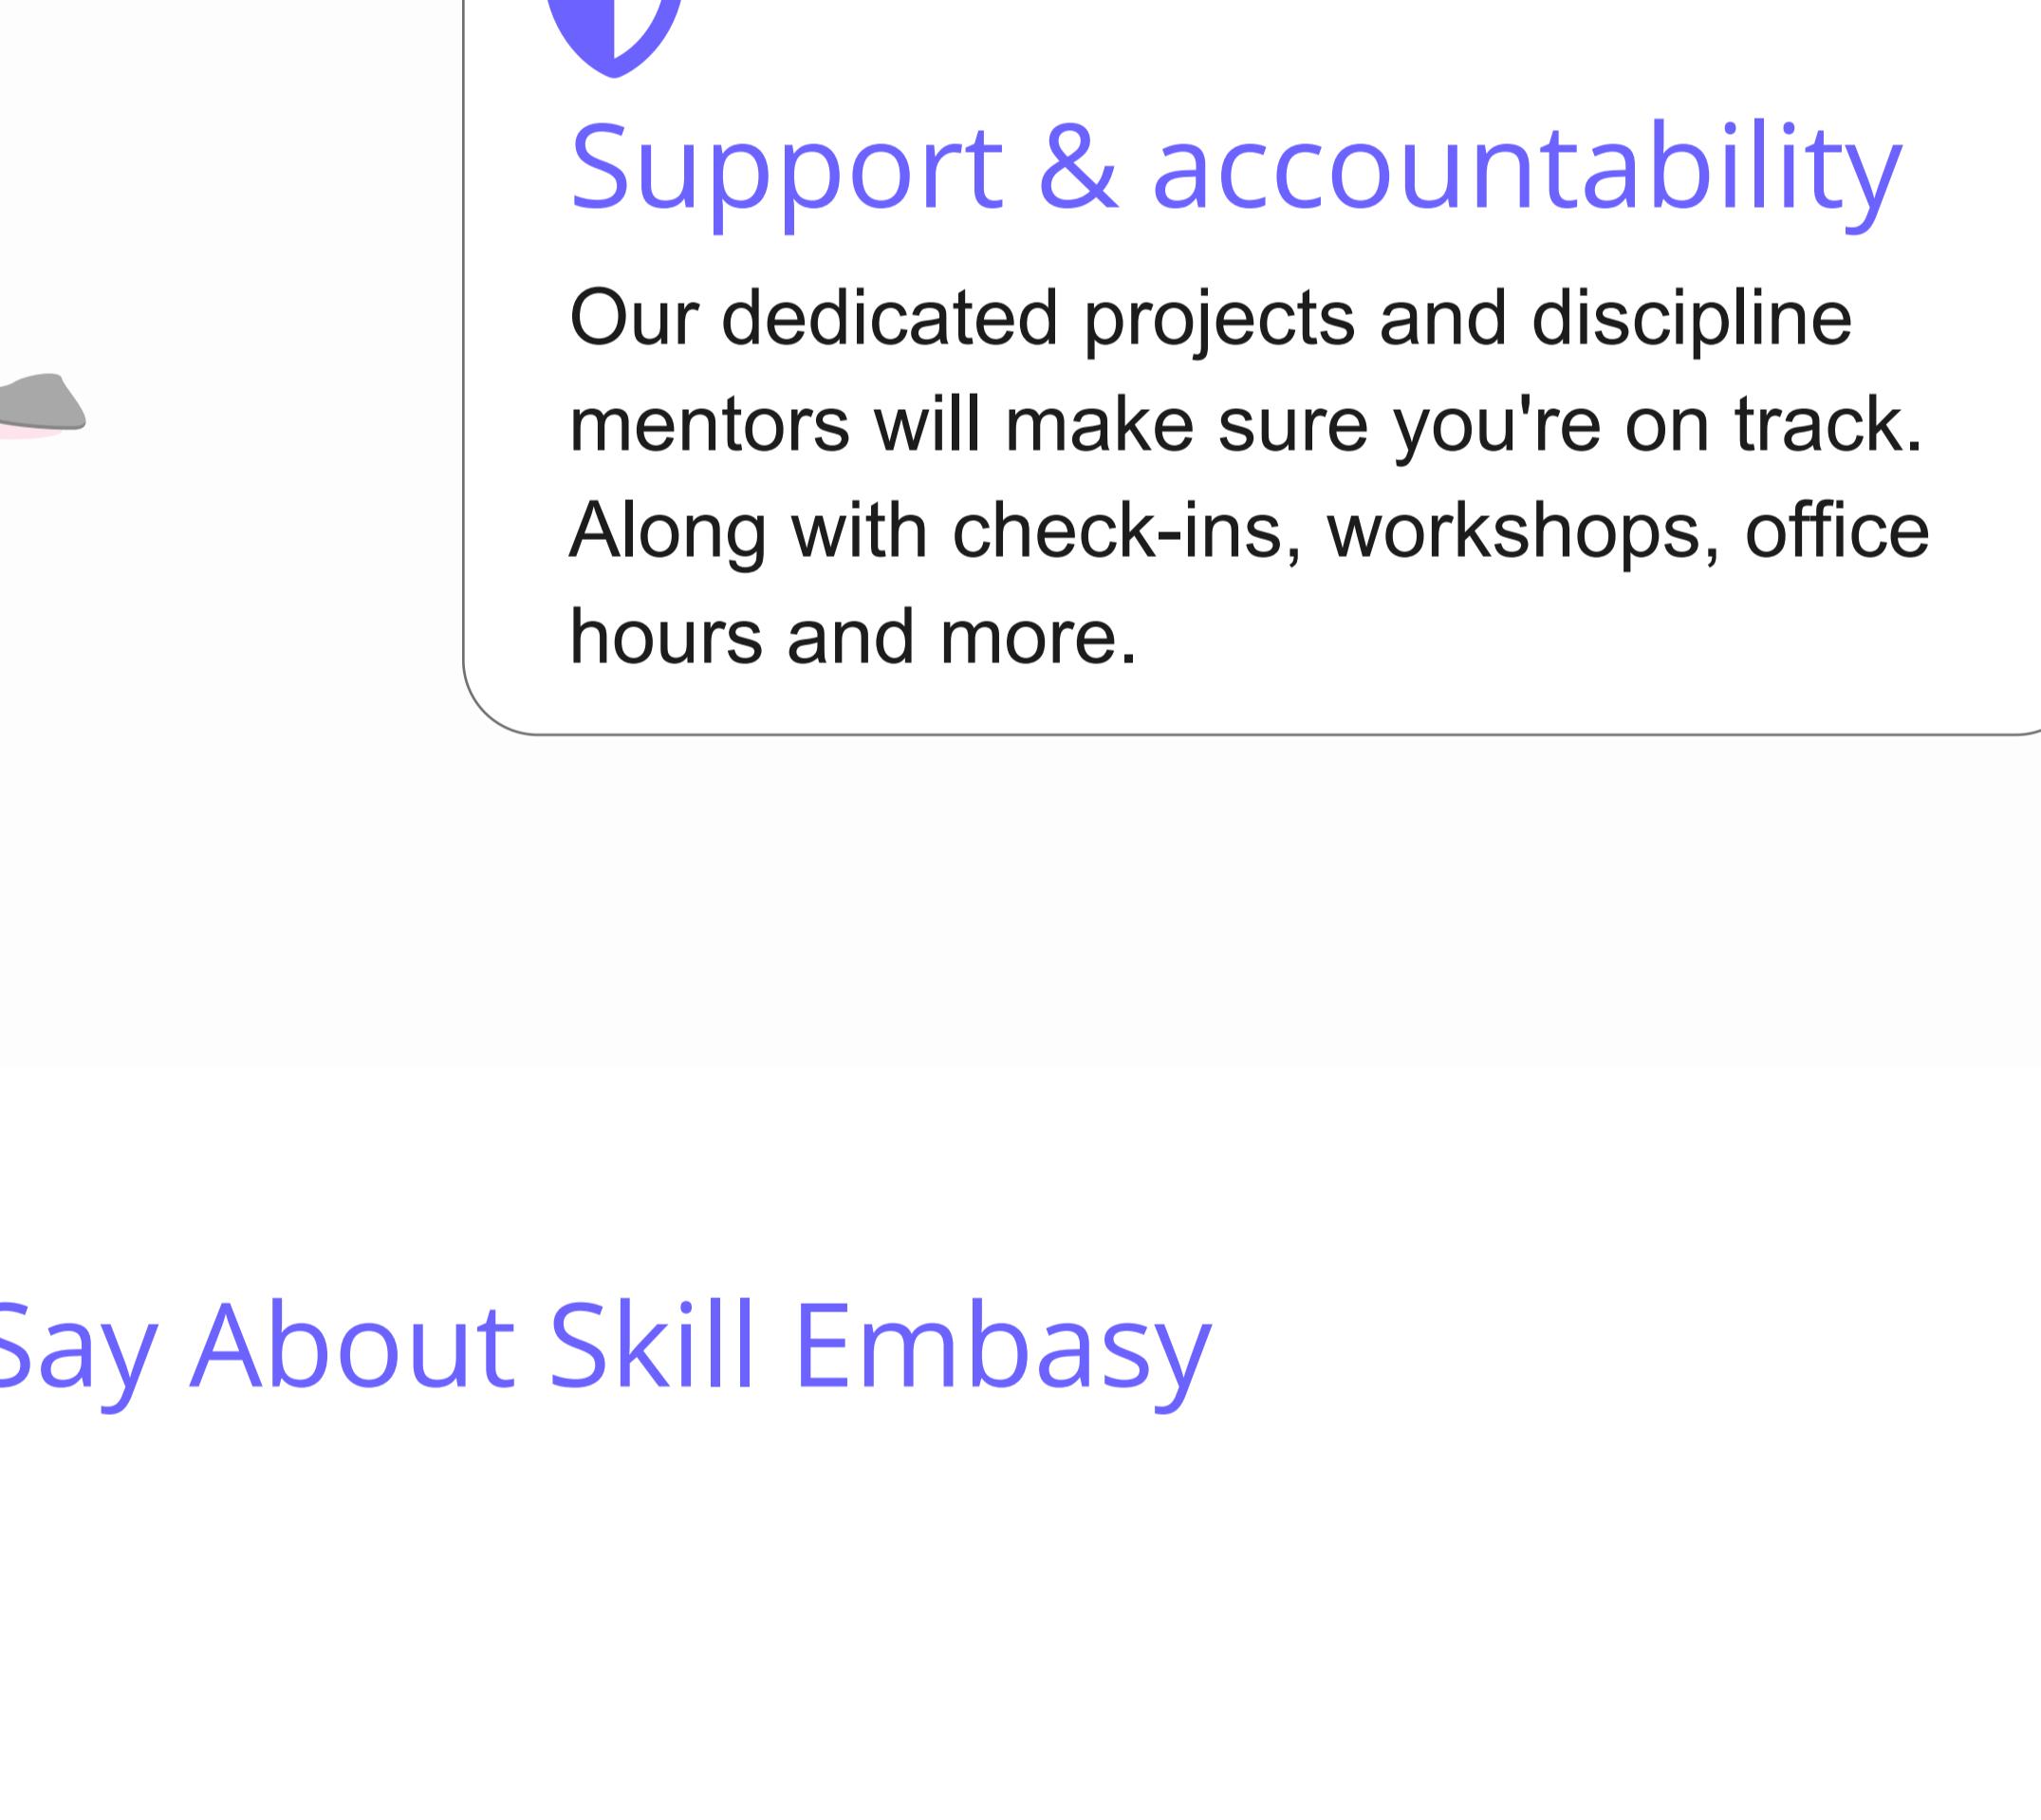

hands on practical product and experience.

## Step into a role.

work with a group with your own product manager, developer and designer.  
study with your own personal lecturer, anywhere, anytime.

### Real team work

collaborate cross-discipline with your team, and work directly with real customers. Leverage each other's skills, just like your usual product team

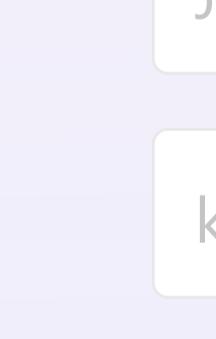

### Hands on experience

No more boilerplate projects or case studies. Put your theoretical knowledge to the test and ship a product of your own with real impact.

### Build connection

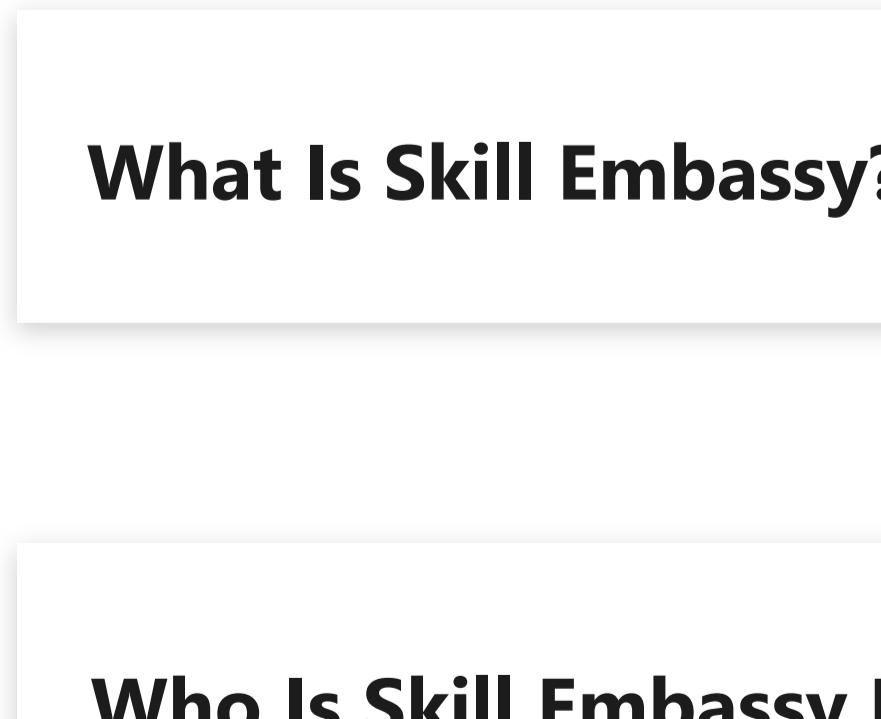

Gather professional references and meet like-minded folks from various backgrounds. Network with industry leaders and professionals.

### Support & accountability

Our dedicated projects and discipline mentors will make sure you're on track. Along with check-ins, workshops, office hours and more.

## What People Say About Skill Embasy

Samuel Batzel

Senior Software Developer skill embasy
